Content contributed to
Europeana Photography
by the NALIS Foundation

Target

Our target is to provide 15000 images.

Sources

NALIS does not have its own collection. All images which will be submitted to Europeana Photography, are owned by other organizations and private collectors.

We are still in the process of research and identification of more contributors.

But at the moment we already have:

- 8 organizations committed to provide about 13000 images in total
- 8 private collectors committed to provide 6400 images in total

We already have room for selection.
